March 27, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2017-18 educational progress for Grant Primary Center. The AER addresses the complex reporting information required by federal and state laws. The school’s report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mrs. Dawson for assistance.

The AER is available for you to review electronically by visiting the following web site <https://goo.gl/49WsTZ> or you may review a copy in the main office at your child’s school.

For the 2017-18 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. Grant Primary Center was not given one of these labels.

Our principal, assistant principal and staff will be working this year with a coach from the Western Michigan University HIL (High Impact Leadership) grant to have regular data dialogue meetings to disaggregate our data with a focus on continuing to close our achievement gaps between our highest and lowest academic performers. We will be using data and research to ensure we are helping each child learn and make adequate growth for the school year. We appreciate the continued support of parents, staff and our community in this effort. We will also be increasing our parent learning opportunities this year through work with the HIL coach as well. Our school will have parent involvement in our School Improvement Team that will meet monthly to increase community awareness about our building and ways to assist in the learning for all students.

Students enroll at Grant Primary Center by coming to the elementary school office and receiving an enrollment packet. Grant Primary Center is the only K-1st grade building in the District. Parents must provide their child’s birth certificate, immunization record, and proof of residency when they turn in the enrollment packet. After enrollment information is complete, the student will be assigned to a classroom roster. Grant Primary Center is in the 4th year of the school improvement plan. We want to continue to have a school system that respects the rights of all individuals while delivering the state mandated curriculum. Emphasis areas include: reading, writing and math. Grant Primary Center is a K-1st grade building that supports all students with instructional services. A copy of the

core curriculum can be obtained at www.ncresa.org or the Michigan Department of Education website. Our office can also give you a copy of the core curriculum.

- Our Kindergarten MAPS reading average RIT score was 156 and MAPS math average RIT score was 161 in May 2016.
- Our Kindergarten MAPS reading average RIT score was 156 and MAPS math average RIT score was 160 in May 2017.
- Our Kindergarten MAPS reading average RIT score was 158.7 and MAPS math average RIT score was 162.5 in May 2018.

- Our 1st grade MAPS reading average RIT score was 174 and MAPS math average RIT score was 185 in May 2016.
- Our 1st grade MAPS reading average RIT score was 173 and MAPS math average RIT score was 185 in May 2017.
- Our 1st grade MAPS reading average RIT score was 174.3 and MAPS math average RIT score was 182.7 in May 2018.

Our key challenges as a staff continue to be working to meet the varying needs of our students as they begin their school career in Kindergarten and move into First grade. We use Benchmark Reading, reading and AVMR math intervention programs, Reflex Math, Lexia Core5, Words Their Way Phonics, Story Champs, writing workshop and the My Math program with the goal of helping all students achieve grade level proficiency by the end of each school year. We also work to serve our significant population of EL and Hispanic students through providing comprehensive services in our Dual Immersion classrooms where students are immersed in instruction in both Spanish and English. We also use our own program called Tiger Tuesday to train students to understand and respond to their own personal data for goal setting and achievement growth.

- For the 2017-18 school year, 86% of our parents attended Fall Conferences while 87% attended Winter Conferences.
- For the 2016-17 school year, 88% of our parents attended Fall Conferences while 86% attended Winter Conferences.
- For the 2015-16 school year, 91% of our parents attended Fall Conferences while 76% attended Winter Conferences.

Skyward Family Access is an online tool, which many parents access throughout the year to keep informed about their student’s progress on a regular basis. Parents can sign up for Skyward in our main office.

Our school is also working to make improvement in regards to our reading growth as measured by our ongoing Fountas and Pinnell Reading Record scores. These scores are not captured in a high stakes test setting but rather in the day-to-day work between student and teacher. Our 3-year pattern of growth on this reading measurement shows:
